

Worthwoods  Worth Elementary  Worth Junior High  Worthridge

Dear Worth Parents,

After several years of trying to create a sustainable group the PTO has decided to cease further operations. This decision was not made without much deliberation. When Market Day stopped selling food we lost our main source of funding. We were unable to come up with another source of funding that would work within the current parameters set by the school. We also simply have not been able to rally volunteerism or participation from enough parents.

We will be issuing refunds for the paid memberships we received for the 2015-2016 school year.

All scheduled events will be canceled immediately.

We thank you for your support and encourage you to please continue to be an active presence in your children's lives. There are many opportunities to help through each individual school. In the absence of the events we had originally planned, we encourage you to reach out to the Worth Public Library and the Worth Park District.

Kindest Regards,

The Worth PTO Board
