Dear Parent(s):

We are writing to you because you are the parent(s) of an eighth grade student at Worth Junior High School.

Within the next few months, your child will be taking placement exams at the high school of his/her choice. The placement exams along with additional information from our school district will be an aid in planning curriculum choices for incoming freshmen. We are at a time in the school year when the high school districts are asking for demographic information about our eighth graders so that they can start the scheduling process, and have a way to contact the parents of incoming students.

This request from the high school districts involves the release of student information from our district about our eighth grade students. According to our database, your address places you in the attendance area of Community High School District 218 which means that your child is eligible to attend Shepard High School. It is also possible that you may choose to send your child to a private high school. Please note that if your child will attend Shepard High School, you will receive specific information from Shepard about the placement exam which is scheduled for Saturday, October 14, 2017 from 8:00 a.m. – 12:00 p.m.

We feel it is best to release information to the public high school districts by securing the permission of our parents for the release. We do not know which high school a student may choose to attend so we are asking you to complete the information below and **return this entire letter to your child's Advisory Teacher by Friday, September 22, 2017**. With your permission, we will then transmit the requested information. If your child is attending a private high school, you may also sign the release of information and we will transmit the information upon the request of the private school.

If you have any questions, please feel free to contact our Registrar, Christine Morrone, at (708) 671-3901. We wish you well as you plan for your child's high school education.

Sincerely,

Rita Wojtylowski, Ph.D.
Superintendent
