

WORTH SCHOOL DISTRICT 127

PRESCHOOL FOR ALL PROGRAM

This is a half-day program, five days a week, for children at risk of future academic difficulties who would benefit from a school experience prior to kindergarten. Eligibility is determined by a screening assessment of at-risk factors and parent interview.

A screening is provided to identify three and four-year old children living in Worth who may be at risk for learning and benefit from early intervention.

The screening process includes screening in the following areas:

- *Speech and Language
- *Vision and Hearing
- *Fine and Gross Motor Skills
- *Cognitive Skills

Children must be 3 years old at the time of the screening. The screening takes approximately one to one and a half hours and is provided at no cost to the parents of children at Worth School District 127.

Screenings are held in November and May.

For a screening appointment or further information,
call (708) 671-3909.

Program enrollment is limited
