

CHICAGO RIDGE PARK DISTRICT

WMP

**Learn
About**

**Artificial
Intelligence**

These are webinar classes. A computer will be best for the sessions, but a tablet would work as well. A cell phone is not recommended. Regardless of device used, each participant should sign up for a free ChatGPT account in advance of the class. If needed, instructions for signing up for the free ChatGPT account will be provided at time of registration.

FUTURE MINDS: AI BASICS

INTRODUCTION TO AI FOR KIDS (AGES 8-14)

TUESDAY APRIL 15 5:30pm-6:30pm \$25R / \$30NR

Introduce young participants to AI through interactive games and creative activities. Children will enjoy hands-on experiences, such as creating AI-generated art and stories, recognizing AI content, and practicing online safety. **KEY BENEFITS:** Develop digital literacy and online safety awareness; Encourage creative and safe exploration of AI; Enjoy learning about AI through interactive games and contests. Parents are welcome to observe along side children.

AI & YOU: INTRO TO ARTIFICIAL INTELLIGENCE

INTRODUCTION TO AI FOR ADULTS

THURSDAY APRIL 17 6:30pm-7:30pm \$25R / \$30NR

Explore the practical uses of AI in everyday life, from home repairs and budgeting to meal planning with AI. Learn how to leverage AI tools effectively while protecting yourself and your family from common AI-related risks like scams and misinformation. **KEY BENEFITS:** Receive hands-on demonstrations of popular AI tools; Learn to identify and protect against deepfakes and targeted scams; Use practical techniques to recognize authentic versus AI-generated content.
