Our students continue to learn the importance of being a positive digital citizen in our world including how to appropriately interact with one another through social media. We continue to encourage you to have conversations with your child about topics they are learning in advisory (and all their classes). Feel free to contact Mrs. Wills and/or Mr. Tooth if you have any questions about the Second Step Social-Emotional Learning Program.</p> <p>We appreciate your continued partnership in helping your child continue to grow during their middle school years.
