

Worth School District 127

DISTRICT OFFICE | DR. ROSEMARY LUCAS ADMINISTRATIVE CENTER | 11218 S. RIDGELAND AVE. WORTH, IL 60482

Thursday, December 16, 2021

Dear Parents/Guardians:

The district has been made aware of an unfounded TikTok post circulating nationwide stating “school shooting and bomb threats for every school in the USA, even elementary,” that will supposedly take place tomorrow, Friday, December 17. Currently, the origins of that post are unknown, and there is no indication of specific threats within Worth 127 School District at this time. I am sharing this notice out of an abundance of caution and as a precautionary measure.

Safety is the top priority. We are in communication with local law enforcement and will continue to monitor the situation. Please be sure to report any concerning messages that you see or hear to the administration and/or local authorities.

We appreciate your continued partnership and support in keeping our school community safe.

Sincerely,

A handwritten signature in cursive script that reads "Mark T. Fleming".

Dr. Mark T. Fleming
Superintendent
