**Worth School District 127 Mission Statement**

Worth School District is dedicated to educating the whole child for life-long learning. This is achieved through partnership of home, school, and community, with each working in collaboration with students. Classroom teachers may set such procedural rules as necessary for efficient management functions.

## **1d. School District Overview**

Worth School District 127 serves the Village of Worth and a small section of the Village of Chicago Ridge. Residents come from both Worth and Palos Townships. The district's attendance area covers approximately four square miles and provides instruction to approximately 1100 students in grades EC (early childhood) through grade eight. Students graduating from the district continue their education in either Community High School District 218 or Consolidated High School District 230 depending on their place of residence. The district maintains a close relationship with other entities within the community including, but not limited to, the Worth Library, Worth Park District, Worth Police, and Fire Departments, the Village of Worth, and the Worth Athletic Association.

The district has three attendance centers. Students accepted into our EC (early childhood) and Pre-K programs attend Worth Elementary School. Elementary students in kindergarten through grade five attend either Worth Elementary School or Worthwoods Elementary School depending upon their place of residence within the district. The Worthwoods attendance area is separated from the Worth Elementary attendance area by Harlem south of 111th Street and the railroad tracks north of 111th Street. Parents should check with the district office if they have any questions. All of the students in grades six through grade eight attend Worth Junior High School. Worth Junior High is organized with a middle school philosophy allowing individual attention to students by utilizing teacher teams. Students at WJH meet every day in an advisory session and WJH classes are taught by content-certified teachers.

Worth School District 127 is a proud member of the Eisenhower Cooperative. The district provides special education services both within the district and through the use of the extensive resources available through the Cooperative. As much as is possible, the staff of the district strives to provide special education instruction in the least restrictive environment.

The district schools provide a full and comprehensive curriculum in all core academic subjects and place importance on the fine arts. All students have classes in art, music, library, physical education, and technology, as well as Health class at the junior high. The Worth Junior High School band has achieved honors in both regional and state competitions, and the district's athletic teams actively participate as members of the South Suburban Junior High School Conference. Elementary students participate in a variety of extracurricular activities. Most importantly, the schools are proud to foster a sense of community spirit and service, and students are taught the importance of giving their time and effort to help others.

The staff of Worth School District 127 gratefully acknowledges the support and generosity of the community which they serve. The district's curriculum is more comprehensive than that which is required for state testing and students achieve well on goals and objectives. The staff of the district is dedicated to the growth and development of each individual child and heartily endorse their commitment to "children first".

## **2. OPERATIONAL SERVICES**

### **2a. Bus Transportation**

Worth School District does **not** provide students with bus transportation to or from school.

Students with disabilities with an individualized education program (IEP) who require transportation as a necessary related service shall be provided with bus transportation as the child's disability or the program location may require.

Students may take bus transportation for field trips or school-related events.

### **2b. Bus Conduct**

Students are expected to follow all school rules when riding the school bus. A student may be suspended from riding the bus for up to 10 consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus
7. and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

### **2c. Video and Audio Monitoring System**

A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be in use in public areas of the school building. These systems have been put in place to protect students, staff, visitors, and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

## **2d. Free School Breakfast and Lunch Program**

Free breakfast and lunch are available to all full-time students in Worth School District 127. In 2015, the District applied for the School Nutrition Program referred to as “Community Eligibility Provision” (CEP) through the National School Lunch Program. Individual applications from families are not required. The district must reapply every four years to determine eligibility based on the poverty level of a community within the district.

Worth School District 127 schools do not have full kitchens to prepare meals. Students interested in receiving meals must order meals in advance, one month at a time.

## **2e. Fees, Fines, and Charges; Waiver of Student Fees**

The school establishes fees and charges to fund certain school activities. Students will not be denied educational services, academic credit or extracurricular participation due to the inability of their parents or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver.

Applications for fee waivers may be obtained from the District Registrar at the district office and may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites are met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The District Registrar will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The District Registrar will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal should be addressed to the District Registrar.

Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the

student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for owing money for a meal or snack.

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

## **2f. Pesticide Application Notice**

The district maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. Parents may contact the building principal to be placed on a registry to receive notification prior to the application of pesticides to grounds or property. The request from the parent should be in written form. For information on professional services, please contact:

Cindy Dykas  
708-671-3904  
District Administration Building

Notification will be given before the application of the pesticide. Prior notice is not required if there is an imminent threat to health or property.

## **2g. Emergency School Closings**

If an emergency closing of any District 127 school should become necessary, an announcement to this effect will be made via the School Messenger System, which is an automated phone messaging system.

Unless there is some indication that a school building itself is in extreme danger, students shall not be dismissed prior to regular dismissal time in the event of severe weather conditions. Also, dismissal shall be delayed and staff members shall remain on duty if weather conditions are such at dismissal time that it would be unsafe for students to leave the building. Parents who feel that they must come to school for their children at these times are urged to use extreme caution.

If schools close for an emergency, all after-school functions are automatically canceled.

## **2h. eLearning Program and Remote Learning Plan**

[WSD127 eLearning-Program](#)

eLearning is the use of technology to enable people to learn anytime and anywhere. Worth School District 127 eLearning days will offer a blended learning environment for students.

eLearning days will be used when school is closed due to inclement weather and other emergency closings. Utilizing eLearning for school cancellation allows staff and students to make up the learning in real-time instead of at the end of the school year and avoids the need to add days to the calendar. eLearning days enable students and teachers to continue moving through their current curriculum without interruption.

## **2i. Safety Drills Procedure and Conduct**

Safety drills will occur at times established by the school principals. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement lockdown drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration.

## **2j. Unsafe Schools Option**

The unsafe school choice option provided in State law permits students to transfer to another school within the District in certain situations. This transfer option is unavailable in the District because each grade is in only one attendance center. A student, who would otherwise have qualified for the choice option, or such a student's parent/guardian, may request special accommodations from the Superintendent or designee.

## **2k. Sex Offender & ~~Violent Offender~~ Community Notification Law**

State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual's child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child's special education services.
3. To attend conferences to discuss issues concerning their child such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property – including the three reasons above - he/she is responsible for notifying the principal's office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.

Information about sex offenders or violent offenders against youth is available to the public on the Illinois State Police (ISP) website. The ISP website contains the following:

Illinois Sex Offender Registry, <https://isp.illinois.gov/Sor>

## **2I. School Operations During a Pandemic**

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health Emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible. Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.

8. Students who have a compromised immune system, live with an individual with a compromised immune system or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health, or safety.

## 2m. Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the district's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure environment is an important goal of the School and District. While it is not possible to completely eliminate threats, the School and District maintain a Targeted School Violence Prevention Program and a Threat Assessment Team to reduce these risks to its environment.

Parents/guardians and students are encouraged to report any expressed threats or behaviors that may represent a threat to the community, School, or self. Reports can be made to any school administrator, law enforcement authorities, or the Safe2Help Illinois helpline ([www.safe2helpil.com/](http://www.safe2helpil.com/)).

Students and parents are urged to participate in behavioral threat assessment and intervention programs if the Behavioral Threat Assessment Team believes that intervention is necessary to prevent a student from harming themselves or others. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

For further information, please contact the Building Principal.

## 2n. **PUNS (Prioritization of Urgency of Need for Services) Database Information for Students and Parents or Guardians**

The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at <https://www.dhs.state.il.us/page.aspx?item=41131>.

### 4b. Education of Students with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated, and provided with appropriate educational Services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed, except those children with disabilities who turn 22 years of age during the school year are eligible for special education services through the end of the school year. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents of Students with Disabilities” may be obtained from the student’s assigned special education case manager or the district website.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

### 4c. Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant, or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student’s home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced

practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before (1) the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction, and (2) for up to 3 months after the child's birth or a miscarriage.

For information on home or hospital instruction, please contact:

Dr. Sinéad Chambers  
708-671-3909  
District Administration Building

#### **4d. Education of Homeless Children**

When a child loses permanent housing and becomes a homeless person as defined by law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

1. continuing the child's education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
2. enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

#### **4e. English Learner**

The school offers opportunities for resident English Learners to achieve high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet.

Parents/guardians of English Learners will be informed how they can:

1. be involved in the education of their children;
2. be active participants in assisting their children to attain English proficiency, achieve high levels within a well-rounded education, and meet the challenging State academic standards expected of all students; and
3. participate and serve on the District's Transitional Bilingual Education Programs Parent Advisory Committee.

For questions related to this program or to express input in the school's English Learners program, please contact:

Dr. Sinéad Chambers

Curriculum materials and instructional supplies shall be provided in a manner that ensures equivalence among the District's Schools.

### **4g. Accelerated Placement**

Electronic networks are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication.

The term *electronic networks* includes all of the District's technology resources, including, but not limited to:

1. The District's local-area and wide-area networks, including wireless networks (Wi-Fi), District Issued Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District's networks or to any District issued online account from any computer or device, regardless of location;
3. District-owned or District-issued computers, laptops, tablets, phones, or similar devices.

The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s).

The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

#### Curriculum and Appropriate Online Behavior

The use of the District's electronic networks shall: (1) be consistent with the curriculum adopted by the District as well as the varied instructional needs, learning styles, abilities, and developmental levels of the students, and (2) comply with the selection criteria for instructional materials and library resource center materials. As required by federal law and Board policy 6:60, Curriculum Content, students will be educated about appropriate online behavior, including but not limited to: (1) interacting with other individuals on social networking websites and in chat rooms, and (2) cyberbullying awareness and response. Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum.

The District's electronic network is part of the curriculum and is not a public forum for general use.

Use is a privilege, not a right. Users of the District's electronic networks have no expectation of privacy in any material that is stored on, transmitted, or received via the District's electronic networks. General rules for behavior and communications apply when using electronic networks. The District's administrative procedure, Acceptable Use of the District's Electronic Networks, contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

#### Internet Safety

minors to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as 6:235 6:235 1 of 3 defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator. The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;

- Denial of permission from administration;
- Other reasons as determined by the school.

#### **4k. School Volunteers**

All school volunteers must be approved by the building principal prior to assisting at the school. For school-wide volunteer opportunities, please contact the building principal. Volunteers are required to check-in and out at the main office and receive a visitor badge before going to their destination.

#### **4l. Complaints About Curriculum, Instructional Materials, and Programs**

The District's curriculum is grounded in the District's educational mission and incorporates instruction on all subjects required by State law and regulation. Generally, students are expected to engage in all aspects of the District's instructional program.

In limited circumstances, parents/guardians may seek to have their student exempt from a particular instructional material or program. Such requests must be based either upon the statutory provisions which permit parental "opt-out" in the Illinois School Code, as set forth below, or a student's right to the free exercise of religion as provided by the First Amendment of the United States Constitution.

Parents/guardians seeking such exemptions must submit their request on the District's Curriculum Objection Form, and must state, with specificity, the basis for seeking such an exemption. The Director of Curriculum and Instruction and the Superintendent will review such requests for exemption in accordance with its Curriculum Objection process and procedures and will grant or deny the request considering the District's educational mission, applicable law, and graduation requirements set forth by the District and the Illinois State Board of Education.

The Illinois School Code establishes the following "opt-out" provisions for parents/guardians in relation to curricular content:

- Dissection of animals, 105 ILCS 112/1 et seq; 105 ILCS 5/27-14
- Comprehensive Personal Health and Safety and Sexual Health Education, 105 ILCS 5/27-9.1a (d)
- Instruction related to Acquired Immune Deficiency Syndrome (AIDS), 105 ILCS 110/3
- Instruction on Cardiopulmonary Resuscitation (CPR) and use of Automated External Defibrillators (AEDs), 105 ILCS 110/3
- Family Life Instruction, 105 ILCS 110/3
- Organ/tissue and blood donation, 105 ILCS 5/27-23.5 (schools with grades 9 and 10)
- Lockdown drills, 105 ILCS 128/20
- Instruction on recognizing and avoiding sexual abuse (105 ILCS 5/27-13.2) (K-8)

A parent or guardian may request that their child be exempt by completing a Curriculum Objection Form.

Parents/guardians and members of the public have the right to inspect any instructional material used as part of their child's educational curriculum pursuant to School Board Policy 7:15, *Student and Family Privacy Rights*. If you believe that curriculum, instructional materials, or programs violate rights guaranteed by any law or Board policy, you may file a complaint under the District's uniform grievance policy. Please complete a Request to Inspect Curriculum and/or Instructional Materials form.

All forms are available on the district website under the Curriculum tab.

For further information, please contact:

#### **4m. Grading and Promotion**

School report cards are issued to students on a trimester basis. For questions regarding grades, please contact the classroom teacher.

The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests and other testing. A student will not be promoted solely based upon age or any other social reason not related to academic performance.

#### **4n. Homework**

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability, and grade level.

#### **4o. State Mandated Testing**

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following: IL Assessment of Readiness (IAR) for Reading and Math, grades 3-8; IL Science Assessment (ISA), grade 5 and grade 8; and ACCESS for ELLs, grades K-8.

There is no "opt out" provision. The expectation in state and federal law is that all students must be assessed. The school is legally obligated to present the test to all students. If a student is not in attendance on the day of testing, the school must schedule a make-up session and present the test then. The goal is to achieve equity and obtain transparent data for families and educators, so refusing to take state assessments jeopardizes the accuracy of student learning data and the ability to utilize that data in support of all students. A single student refusing to take

the test reduces the data educators have to design appropriate supports for a specific child. Additionally, the lower the participation rate in a school or district, the less likely educators will have an accurate data picture to provide needed supports for the whole school, impacting all students.

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing, because the quality of the education the school can provide is partially dependent upon the school's ability to continue to prove its success in the state's standardized tests.

Parents/Guardians can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind students and emphasize the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

#### **4p. Achievement and Awards**

The term invasive physical examination means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The above paragraph does not apply to any physical examination or screening that: 1.

1. Is permitted or required by an applicable State law, including physical examinations or screenings that are permitted without parental notification.

2. Is administered to a student in accordance with the Individuals with Disabilities Education Act

1. This policy as well as its availability upon request from the general administration office.
2. How to opt their child out of participation in activities as provided in this policy.

### **5c. Harassment & Teen Dating Violence Prohibited**

No person, including a school or school district employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity, gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic.

The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

## **5d. Prevention of and Response to Bullying, Intimidation, and Harassment**

Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability

to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important district and school goals.

~~Schools are required to attempt to notify a parent or guardian within 24 hours of the school's administration becoming aware of an alleged bullying incident.~~

Bullying on the basis of actual or perceived race, color, national origin, military status, unfavorable discharge status from the military service, sex, sexual orientation, gender orientation, ~~gender identity~~, gender-related identity or expression, ancestry, age, religion, physical or mental disability, physical appearance, socioeconomic status, academic status, order of protection status, homelessness, actual or ~~potential~~ marital status, parenting status, ~~including~~ pregnancy, parenting status, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic **is prohibited** in each of the following situations:

1. During any school-sponsored education program or activity.
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the school district or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school.

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or student's academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Cyberbullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or the intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic

system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying.

Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. This list is meant to be illustrative and non-exhaustive.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student's act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

A student will not be punished for reporting bullying or supplying information, even if the school's investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

Students and parents/guardians are also encouraged to read the following school district policies: 7:20, *Harassment of Students Prohibited* and 7:180, *Prevention of and Response to Bullying, Intimidation and Harassment*.<sup>3</sup>

Consistent with federal and State laws and rules governing student privacy rights, the school shall make diligent efforts to notify a parent or guardian within 24-hours after the school's administration is made aware of a student's involvement in an alleged bullying incident. The term "bullying incident" includes individual instances of bullying, as well as all threats, suggestions, or instances of self-harm determined to be a result of bullying. Notification to a parent or guardian shall include, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

### **5e. Uniform Grievance Procedure**

As stated in School Board policy 2:260, a student, parent/guardian, employee, or community member should notify any District Complaint Manager if he or she believes that the Board of Education, its employees, or its agents have violated his or her rights guaranteed by the State or federal Constitution, State or federal statute, or Board policy, or have a complaint regarding any one of the following:

1. Title II of the Americans with Disabilities Act
2. Title IX of the Education Amendments of 1972
3. Section 504 of the Rehabilitation Act of 1973
4. Title VI of the Civil Rights Act
5. Equal Employment Opportunities Act
6. Sexual harassment prohibited by the State Officials and Employees Ethics Act

The Complaint Manager will first attempt to resolve complaints without resorting to this grievance procedure. If a formal complaint is filed under this policy, the Complaint Manager will address the complaint promptly and equitably. A student and/or parent/guardian filing a complaint under this policy may forego any informal suggestions and/or attempts to resolve it and may proceed directly to this grievance procedure. The Complaint Manager will not require a student or parent/guardian complaining of any form of harassment to attempt to resolve

allegations directly with the accused (or the accused's parents/guardians); this includes mediation.

The Superintendent shall appoint a Nondiscrimination Coordinator to manage the District's efforts to provide equal opportunity employment and educational opportunities and prohibit the harassment of employees, students, and others. The Nondiscrimination Coordinator also serves as the District's Title IX Coordinator.

The Superintendent shall appoint at least one Complaint Manager to administer this policy. If possible, the Superintendent will appoint two Complaint Managers, one of each gender. The District's Nondiscrimination Coordinator may be appointed as one of the Complaint Managers.

**New 5f. Discrimination and Harassment on the Basis of Race, Color, and National Origin Prohibited**

Discrimination and harassment on the basis of race, color, or national origin negatively affects a student's ability to learn and an employee's ability to work. Providing an educational and workplace environment free from such discrimination and harassment is an important District and School goal. The District and School do not discriminate on the basis of actual or perceived race, color, or national origin in any of its education programs or activities and comply with federal and State non-discrimination laws.

Examples of Prohibited Conduct

Examples of conduct that may constitute discrimination on the basis of race, color, or national origin include: disciplining students more harshly and frequently because of their race, color, or national origin; denying students access to high-rigor academic courses, extracurricular

activities, or other educational opportunities based on their race, color, or national origin; denying language services or other educational opportunities to English learners; and assigning students special education services based on a student's race, color, or national origin.

Harassment is a form of prohibited discrimination. Examples of conduct that may constitute harassment on the basis of race, color, or national origin include: the use of racial, ethnic or ancestral slurs or stereotypes; taunts; name-calling; offensive or derogatory remarks about a person's actual or perceived race, color, or national origin; the display of racially-offensive symbols; racially-motivated physical threats and attacks; or other hateful conduct.

#### Making a Report or Complaint: Investigation Process

Individuals are encouraged to promptly report claims or incidences of discrimination or harassment based on race, color, or national origin to the Nondiscrimination Coordinator, a Complaint Manager, or any employee with whom the student is comfortable speaking. Reports will be processed under the District's Uniform Grievance Procedure.

Reports and complaints of discrimination or harassment will be confidential to the greatest extent practicable, subject to the District's duty to investigate and maintain an educational environment that is productive, respectful, and free of unlawful discrimination, including harassment.

#### Federal and State Agencies

If the District fails to take necessary corrective action to stop harassment based on race, color, or national origin, further relief may be available through the Illinois Dept. of Human Rights (IDHR) or the U.S. Dept. of Education's Office for Civil Rights. To contact IDHR, go to: <https://dhr.illinois.gov/about-us/contact-idhr.html> or call (312) 814-6200 (Chicago) or (217) 785-5100 (Springfield).

#### Prevention and Response Program

The District maintains a prevention and response program to respond to complaints of discrimination based on race, color, and national origin, including harassment, and retaliation. The program includes procedures for responding to complaints which:

1. Reduce or remove, to the extent practicable, barriers to reporting discrimination, harassment, and retaliation;
2. Permit any person who reports or is the victim of an incident of alleged discrimination, harassment, or retaliation to be accompanied when making a report by a support individual of the person's choice who complies with the District's policies and rules;
3. Permit anonymous reporting, except that an anonymous report may not be the sole basis of any disciplinary action;
4. Offer remedial interventions or take such disciplinary action as may be appropriate on a case-by-case basis;
5. Offer, but do not require or unduly influence, a person who reports or is the victim of an incident of harassment or retaliation the option to resolve allegations directly with the accused; and

6. Protects a person who reports or is the victim of an incident of harassment or retaliation from suffering adverse consequences as a result of a report of, investigation of, or a response to the incident.

#### Enforcement

Any District employee who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, up to and including discharge.

Any District student who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be subject to remedial action and/or disciplinary action, including but not limited to, suspension and expulsion, consistent with the student discipline information in this handbook.

Any third party who is determined, after an investigation, to have engaged in conduct prohibited by this policy will be addressed in accordance with the authority of the Board in the context of the relationship of the third party to the District, e.g., vendor, parent, invitee, etc. Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to remedial and/or disciplinary action.

#### Retaliation Prohibited

Retaliation against any person for bringing complaints, participating in the complaint process, or otherwise providing information about discrimination or harassment based on race, color, or national origin is prohibited.

Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

### **5g. School Admissions and Transfers**

#### Age

To be eligible for admission, a child must be five years old on or before September 1 of that school term. A child entering first grade must be six years of age on or before September 1 of that school term. Based upon an assessment of a child's readiness to attend school, the District may permit him or her to attend school prior to these dates. A child will also be allowed to attend first grade based upon an assessment of his or her readiness if he or she attended a non-public preschool, continued his or her education at that school through kindergarten, was taught in kindergarten by an appropriately licensed teacher, and will be six years old on or before December 31. A child with exceptional needs who qualifies for special education services is eligible for admission at three years of age.

#### Admission Procedure

All students must register for school each year on the dates and at the place designated by the Superintendent. Parents/guardians of students enrolling in the District for the first time must present:

1. A certified copy of the student's birth certificate. If a birth certificate is not presented, the Superintendent or designee shall notify in writing the person enrolling the student that within 30 days he or she must provide a certified copy of the student's birth certificate. A student will be enrolled without a birth certificate. When a certified copy of the birth certificate is presented, the school shall promptly make a copy for its records, place the copy in the student's permanent record, and return the certified copy to the person enrolling the child. If a person enrolling a student fails to provide a certified copy of the student's birth certificate, the Superintendent or designee shall immediately notify the local law enforcement agency, and shall also notify the person enrolling the student in writing that, unless he or she complies within ten days, the case will be referred to the local law enforcement authority for investigation. If compliance is not obtained within that ten-day period, the Superintendent or designee shall refer the case. The Superintendent or designee shall immediately report to the local law enforcement authority any material received pursuant to this paragraph that appears inaccurate or suspicious in form or content.
2. Proof of residence, as required by Board policy 7:60, Residence.
3. Proof of disease immunization or detection and the required physical examination, as required by State law and Board policy 7:100, *Health, Eye, and Dental Examinations; Immunizations; and Exclusion of Students*.

The individual enrolling a student shall be given the opportunity to voluntarily state whether the student has a parent or guardian who is a member of a branch of the U.S. Armed Forces and who is either deployed to active duty or expects to be deployed to active duty during the school year. Students who are children of active duty military personnel transferring will be allowed to enter: (a) the same grade level in which they studied at the school from which they transferred, if the transfer occurs during the District's school year, or (b) the grade level following the last grade completed.

## **5h. Attendance**

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

### Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with by the school and district.

Students who miss more than 1% but less than 5% of the prior 180 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 180

regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and district may take further action, including:

- Referral to the truancy officer
- Referral to the local police department
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

### Student Absences

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, at its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian is responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to call the school before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 9:30 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the school resource officer will be asked to make a well-being check. The student will be required to submit a note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential.

#### Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

#### Make-up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

#### Release Time for Religious Instruction/Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian is asked to give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

### **5i. Required Health Examinations and Immunizations**

All students are required to present appropriate proof of a **health examination** and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or the first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of **immunization** against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15 of the current school year may result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

#### **Eye Examination**

All students entering kindergarten or the school for the first time must present proof by

October 15 of the current school year of an eye examination was performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

### **Dental Examination**

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

### **Exemptions:**

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

## **5j. Search and Seizure**

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. "School authorities" include school liaison police officers.

### **School Property and Equipment as well as Personal Effects Left There by Students**

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

### Students Searches

School authorities may search a student and/or the student's personal effects in the student's possession (such as purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.

### Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

### Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth are present during the questioning.

## **5k. Access to Student Social Networking Passwords & Websites**

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

## **5l. Student Appearance, Student Dress Code**

A student's appearance, including dress and hygiene, must not disrupt the educational process or compromise standards of health and safety. The school does not prohibit hairstyles historically associated with race, ethnicity, or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Pursuant to Public Act 103-463, provides that schools shall not prohibit students from wearing or accessorizing the student's graduation attire with items associated with the student's cultural, ethnic, or religious identity or any other protected characteristic or category identified in the Illinois Human Rights Act. Students who disrupt the educational process or compromise standards of health and safety must modify their appearance.

Students are expected to wear clothing in a neat, clean, and well-fitting manner while on school property and/or in attendance at school-sponsored activities. Students are to use discretion in their dress and are not permitted to wear apparel that causes a substantial disruption in the school environment.

- A student whose dress causes a substantial disruption of the orderly process of school functions or endangers the health or safety of the student, other students, staff or others may be subject to discipline.

## **5m. Vandalism**

The Board of Education may seek restitution from students and their parents/guardians for vandalism or other student acts that cause damage to school property.

## **5I. Student Behavior**

The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
  - f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.

Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular telephone, commonly known as “sexting.” Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones, and other electronic devices must be kept powered off and out of sight during the regular school day unless (a) the supervising teacher grants permission; (b) use of the device is provided in a student’s individualized education program (IEP); (c) it is used during the student’s lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
- 7. Using or possessing a laser pointer unless under a staff member’s direct supervision and in the context of instruction.

21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

#### When and Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student’s conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to (a) be a threat or attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property; or
5. During periods of remote learning.

### Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as illegal drugs (controlled substances), "look-alikes," alcohol or weapons, or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

#### Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

#### Corporal Punishment

Corporal punishment is illegal and will not be used. ~~Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.~~ Corporal punishment means a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim to halt the offense, prevent its recurrence, or set an example for others.

#### Weapons Prohibition

## **5r. Measures to Control the Spread of Head Lice at School**

Entire school head checks will not be scheduled. Mass head checks have not been proven to have a significant effect on head lice cases in a school setting. If a student is suspected of having head lice, a confidential check in the health office will be done. At any time during the school year, the school nurse may examine a student for head lice. If nits or lice are identified the following procedures shall be implemented:

1. If a student is suspected to have head lice, the student will be sent to the nurse's office for a private examination by the nurse. Confidentiality will be used with each student and family.
2. If the student is found to have lice and/or nits, the parent /guardian will be notified by phone call that their student has been found to have lice and will need to be treated before returning to school.
3. The nurse will discuss treatment of head lice and will provide written guidelines upon request. Educational information regarding head lice, including treatment recommendations, will be available to families through the district website.
4. A classroom parent notification letter will be sent home for all newly identified cases of head lice. Student's name will be excluded from this letter.

8. After the student has been cleared to return to classes, the nurse will continue to check for head lice or nits because of the risk of re-infestation. The student will be checked as often as deemed necessary by the nurse.
9. Students with several repeat episodes of infestations may require referral to a family physician.

## **5s. Student Medication**

### Administering Medicine to Students

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

### Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and self-administer diabetic testing supplies and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

### Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis-infused products while at school and school events. Please contact the building principal for additional information. The discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

### Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. ## **5u. Food Allergy Management Program**

State law requires our school district to annually inform parents of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our school district also may be able to appropriately meet a student's needs through other means.

## **5v. Suicide and Depression Awareness and Prevention**

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression awareness and prevention. Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

## **5w. Concussions and Head Injuries**

Students must comply with Illinois' Youth Sports Concussion Safety Act before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District's return-to-play, and return-to-learn protocols.

## **5x. Student Records**

School student records are confidential. Information from them shall not be released other than as provided by law. A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction by a school employee, regardless of how or where the information is stored, except as provided in State or federal law as summarized below:

1. Records kept in a staff member's sole possession.
2. Records maintained by law enforcement officers working in the school.
3. Video and other electronic recordings (including without limitation, electronic recordings made on school buses) that are created in part for law enforcement, security, or safety reasons or purposes. The content of these recordings may become part of a school student record to the extent school officials create, use, and maintain this content, or it becomes available to them by law enforcement officials, for disciplinary or special education purposes regarding a particular student.
4. Any information, either written or oral, received from law enforcement officials concerning a student less than the age of 18 years who has been arrested or taken into custody.

State and federal law grants students and parents/guardians certain rights, including the right to inspect, copy, and challenge school student records. The information contained in school student records shall be kept current, accurate, clear, and relevant. All information maintained concerning a student receiving special education services shall be directly related to the provision of services to that child. The District may release directory information as permitted by law, but a parent/guardian shall have the right to opt-out of the release of directory information regarding his or her child. The District will comply with State or federal law with regard to release of a student's school records, including, where applicable, without notice to, or the consent of, the student's parent/guardian or eligible student. Upon request, the District discloses school student records without parent consent to the official records custodian of another school in which a student has enrolled or intends to enroll, as well as to any other person as specifically required or permitted by State or federal law.

The Superintendent shall fully implement this policy and designate an official records custodian for each school who shall maintain and protect the confidentiality of school student records,

inform staff members of this policy, and inform students and their parents/guardians of their rights regarding school student records.

### **5y. Student Service Logs**

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

### **5z. Annual Notice to Parents About Educational Technology Vendors Under SOPPA**

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the IL State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities

- Special indicators (e.g., disability information, English language learner, free/reduced meals, or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district
