**Pre-order is required at the following link:** <https://forms.gle/YQ1Cp1ygdTFj32CAA>

June 8, 2021

Dear Parents/Guardians:

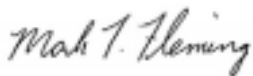

I am writing to express a heartfelt thanks for supporting Worth School District 127 during the historic 2020-2021 school year. You trusted the district to keep your child safe, and you were patient with the school year starting remotely, followed by several revisions in learning plans. Thankfully, we were able to finish the school year with most students in the buildings for learning while also providing families the choice for remote learning.

I would also like to recognize the outstanding Worth School District 127 staff and Board of Education for their commitment to providing an excellent education despite the challenges faced over the past fourteen months. The Worth community indeed came together for the students, and I believe that the district overcame by remaining stronger together.

In planning for the 2021-2022 school year, I hope to return to normal as much as possible. However, the Illinois State Board of Education (ISBE) will be publishing guidelines after the Governor's Phase 5 announcement on June 11, which schools will need to follow. When the ISBE guidelines are published, I will review them with the administrative team and do my best to update you by the end of July.

Thank you again for your continued support. Congratulations to the 8th grade graduating class, and I look forward to reuniting with students in August! I hope your summer is full of fun in the sun, good books, and family memories!

Respectfully,

Dr. Mark T. Fleming  
Superintendent
